Your Ability to Withdraw Funds at Your Credit Union

General Policy: Our general policy is to make funds from your cash and check deposits, including mobile deposits, available to you on the first business day after the day we receive your deposit. Electronic direct deposits will be available on the day we receive and post the deposit. Once the funds are available, you can withdraw them in cash and we will use the funds to pay checks that you have written.

Please remember that even after we have made funds available to you, and you have withdrawn the funds, you are still responsible for checks you deposit that are returned to us unpaid, including any associated fee as listed in our Fee Schedule, and for any other problems involving your deposit.

For determining the availability of your deposits, every day is a business day, except Saturdays, Sundays, and state and federal holidays. If you make a deposit before the close of business on a business day that we are open, we will consider that day to be the day or your deposit. However, if you make a deposit after closing or on a day we are not open, we will consider that the deposit was made on the next business day we are open.

Reservation of Right to Hold. In some cases, we will not make all of the funds that you deposit by check available to you on the first business day after we receive your deposit. Depending on the type of check that you deposit, funds may not be available until the second business day after the day of your deposit. However, the first $200 of your deposit may be available on the first business day. If we are not going to make all of the funds from your deposit available on the same business day, we will notify you at the time you make your deposit. We will also tell you when the funds will be available.

If your deposit is not made directly to one of our employees, or if we decide to take this action after you have left the premises, we will mail you the notice by the next business day after we receive your deposit. If you will need the funds from a deposit right away, you should ask us when the funds will be available.

Hold on Other Funds. If we cash a check for you that is drawn on another financial institution, we may withhold the availability of a corresponding amount of funds that are already in your account. Those funds will be available at the time funds from the check we cashed would have been available if you had deposited it. If we accept for deposit a check that is drawn on another financial institution, we may make funds from the deposit available for withdrawal immediately but delay your availability to withdraw a corresponding amount of funds that you have on deposit in another account with us. The funds in the other account would then not be available for withdrawal until the time periods that are described elsewhere in this disclosure for the type of check that you deposited.

Longer Delays May Apply - Safeguard Exceptions. We may delay your ability to withdraw funds deposited by check into your account an additional number of days for these reasons:

- We believe a check you deposited will not be paid;
- You deposit checks totaling more than $5,000 on any one day;
- You re-deposit a check that has been returned unpaid;
- You have overdrawn your account repeatedly in the last six (6) months;
- There is an emergency, such as a failure of communications or computer equipment.

We will notify you if we delay your ability to withdraw funds for any of these reasons, and we will tell you when the funds will be available. They will generally be available no later than the 7th business day after the date of deposit.

Deposits at Automated Teller Machines (ATMs). All ATMs that we own or operate are identified as our machines. Funds from any deposits, whether cash and/or checks, made at ATMs which we own will be available on the 2nd day following the day of your deposit, except that U.S. Treasury checks that are payable to you will be available on the first business day after the day of deposit. Also, the first $200 of a deposit will be available on the first business day after the day of deposit. In some cases, funds deposited by check may be delayed for a longer period. (See above for longer delays and holds.)

Special Rules for New Accounts. If you are a new member, the following special rules will apply during the first thirty (30) days your account is open. Also, your account will be flagged during the first 180 days your account is opened and we may choose to hold funds on a check over $500 during this time when any of the above “Safeguard Exceptions” apply.

Funds from electronic direct deposits to your account will be available to you on the day we receive and post the deposit. Funds from deposits of cash, wire transfers, and the first $5,000 of a day’s total deposit of traveler’s checks, and federal, state, and local government checks will be available on the first business day after the day of your deposit if the deposit meets certain conditions. For example, the checks must be payable to you. The excess over $5,000 will be available on the 9th business day after the day of your deposit. If your deposit of these checks (other than a U.S. Treasury check) is not made in person to one of the credit union’s employees, the first $5,000 will not be available until the second business day after the day of your deposit. Funds from all other check or share draft deposits will be available on the 9th business day after the day of your deposit.

Foreign Checks. Checks drawn on financial institutions located outside the U.S. (foreign checks) cannot be processed the same as checks drawn on U.S. financial institutions. Foreign checks are exempt from the policies outlined in this disclosure. Generally, the availability of funds for deposits of foreign checks will be delayed for the time it takes us to collect the funds from the financial institution upon which it was drawn.
